POLICE-COMMUNITY PARTNERSHIPS

The introduction of National Night Out, "America's Night Out Against Crime", in 1984 began as an effort to promote involvement in crime prevention activities, police-community partnerships, neighborhood camaraderie and send a message to criminals letting them know that neighborhoods are organized and fighting back. The traditional "lights on" campaign and symbolic front porch vigils turned into a celebration across America with various events and activities including, but not limited to, block parties, cookouts, parades, visits from emergency personnel, rallies and marches, exhibits, youth events, safety demonstrations and seminars, in an effort to heighten awareness and enhance community relations. National Night Out now involves over 37 million people and 15,000 communities from all fifty states, U.S. Territories, Canadian cities, and military bases worldwide. Join the Fight for a safer America!
