2016 Water Meter Replacement Project

The Village of Walden will begin a village wide water meter replacement project that will be done in phases over a period of time as our budget allows. The Village will add a cellular device to your meter. This feature will allow all users to set up alerts for low temperatures, high usage and/or low usage at your location. Users will also be able to view their consumption daily online. If you wish to speak with someone about this project, please call the Water Department at 845-778-2177 x1521 or contact the water department by email at wwmeter@hvc.rr.com. In addition to the meter replacements, the Village of Walden will also be implementing a new utility billing system called UB Max over the summer with several great enhancements including credit card and ACH payments as well as the ability to view and pay your account online. Please be on the lookout for these exciting changes in the next few months!
