Water Meter Replacement Project

The Village of Walden continues working on our village wide water meter replacement project that began in 2016 and will be done in phases over a period of time as our budget allows. The Village will add a cellular device to your meter. This feature will allow all users to set up alerts for low temperatures, high usage and/or low usage at your location. Users will also be able to view their consumption daily online. If you wish to speak with someone about this project, please call the Water Department at 845-778-2177 x1522 or contact the water department by email at watermeters@villageofwalden.org
